INTERNATIONAL PRIZE FOR ARCHITECTURAL RESTORATION
“FASSA BORTOLO DOMUS RESTORATION AND PRESERVATION”
VII Edition – 2019 competition notice

The Domus Restoration and Conservation Award, conceived and promoted by the company Fassa S.r.l. and by the University of Ferrara reached its seventh edition. The initiative alternates annually a section reserved for Undergraduate, Graduate, Master, PhD and Graduate School Theses, another dedicated (as this year) to works created by professionals. The Award represents an important meeting point between the excellence in the field of restoration, redevelopment and architectural and landscape recovery at an international level. This year, the panorama of the projects that took part in the selections has extended to almost all continents and has hosted 73 contributions other than Italy, several European and non-European countries, among the most distant China, South Africa, Saudi Arabia, Brazil, USA and Russia.

The commission, chaired by Arch. Riccardo Dalla Negra, restoration professor at the University of Ferrara, met at the headquarters of the University's Department of Architecture. The three external members, Prof. Claudio Varagnoli ("G. D'Annunzio" University), the architect Konstantinos Karanasos (Official of the Acropolis Restoration Service of Athens) and the architect Margherita Eichberg (Superintendent of archeology, fine arts and landscape for the metropolitan area of Rome the province of Viterbo and southern Etruria) coordinated by Prof. Marcello Balzani, Director of the DIAPReM TekneHub center (Emilia Romagna high technology network) of the Department of Architecture of the University of Ferrara have outlined the list of winners.

The jury decided to award **two gold medal ex-aequo** (RESTORATION OF THE FACADE OF THE CHURCH OF SANTA MARIA DI NAZARETH (VULGO DEGLI SCALZI) - Giorgio Forti and Ilaria Forti and BUFFELSDRIFT - RESTORATION AND IMPROVEMENTS - Jaco Booyens Architect e SAOTA architects) and **two ex-aequo silver medals** (TEN BOGAERDE ARTISTIC CENTER - Govaert & Vanhoutte Architects and STUDIO HARATORI Office Haratori e Office Winhov Amsterdam). **Ten honorable mentions** were also awarded and **eight projects completed the shortlist** highlighted by the jury.

The **Fassa Bortolo Special Prize**, addressed to those who "respecting the conservation principles, sustainability and architectural quality have been able to use the solutions belonging to the Fassa Bortolo Integrated System or to the main systems connected to it" was awarded to Studio Wok with the project COUNTRY HOUSE AL CHIEVO.

The award ceremony will take place in form of a webinar on July 2nd 2020 at 16:00. During the online event, the award-winning professionals of the edition will be invited to participate, presenting their work. Like every year, this moment is seen as an important opportunity for discussion and sharing on the issues of architectural restoration and urban redevelopment, with a focus on the projects carried out. The ceremony falls within the program of the second edition of the "Giornate del Restauro e del Patrimonio Culturale", an event that this year due to the covid-19 emergency will be available only online through 4 meetings dedicated to different themes.

Further information on the finalist projects will soon be available on the initiative website **www.premiorestauro.it**
